LEISURE

NAIROBI

Situated along the Nairobi River in beautiful Kenya, the capital of Nairobi is East Africa's most cosmopolitan city. It serves as an excellent starting point for African safari trips around Kenya. Nairobi is Africa's 4th largest city and is a vibrant and exciting place to be.

LAKE ELEMENTAITA

Elementaita, meaning 'place of dust', is a photogenic, little soda lake situated in Kenya's Great Rift Valley. Famously attracting many visiting flamingos as well as many other birds, it has been named as a World Heritage Site for its prolific birdlife. This is where Kenya's most famous settler Lord Delamere lived and he was responsible for much of Kenya's early agricultural experimentation in this fertile area; it is still inhabited by some of his descendants.

LAKE NAIVASHA

Lake Naivasha, the lake serves as the main drinking hole for wildlife in the area such as zebra, eland, hippo, waterbuck, buffalo and many more animals, allowing for some superb game viewing. Visitors can look forward to intriguing night safaris, and boating excursions around the lake as well as to beautiful Crescent Island for spectacular bird watching. Other popular activities include horse riding, village visits and tours to several impressive neighbouring national parks.

MAASAI MARA NATIONAL RESERVE

The true highlight here is the Great Migration, recognised as one of the Seven New Wonders of the World. To survive the dry months of July to September, some 1.7 million wildebeest, migrate from the parched plains of the Serengeti National Park in Tanzania. Along with much smaller numbers of antelope, buffalo and zebra, they move to the more forgiving grasslands of the Masai Mara.
