It is known as the "Sea Garden," and motor vehicles are not allowed on the island except for electric island vehicles.
- ◆ **Jimei School Village** - Jimei is a collective term for various schools and cultural institutions in Jimei. Founded and funded by the renowned patriotic overseas Chinese leader Mr. Tan Kah Kee in 1913, Jimei enjoys a high reputation both at home and abroad. The total construction area of the school village is over 3,000 acres, with over 100,000 teachers and students, forming a talent training system from preschool education to primary, secondary, and higher education, including master's and doctoral education.

### YONGDING

- ◆ **Chuxi Tulou Cluster** - In 2008, the Chuxi Tulou Cluster was officially listed as a representative of Fujian Tulou in the World Cultural Heritage. It is the most primitive and culturally rich tulou in Yongding District, praised as the "most beautiful tulou cluster in China." The main types include rectangular, square, circular, hexagonal, etc. The names of the tulou buildings in Chuxi all contain the word "Qing," symbolizing prosperity and good fortune.

### MEIZHOU

- ◆ **Thousand Buddha Pagoda** - The pagoda's walls from the second to the eighth floor are embedded with a thousand Han white jade Buddhas, and the ninth floor houses a thousand gilded copper Buddhas. The top of the pagoda supports a seven-story small stone pagoda, forming the artistic feature of "Three Thousand Buddha Pagoda" with one pagoda containing three thousand Buddhas.

### SHANTOU

Centered around Xiaogongyuan (Little Park), it gathers a large number of buildings dating back to the early 20th century, with styles ranging from ancient Roman, Gothic, to Baroque. The area's arcades and streets are basically modeled after the Parisian style, forming a bustling commercial and residential area with the characteristics of the architecture of the 1930s.
