After 10 years of building time it was left unfinished, later to be continued after the death of the king by his widow. Probably due to stability problems it took until the mid-15th century to be finished during the reign of king Tilokaraj. It was then 82 m high and had a base diameter of 54 m, at that time the largest building of all Lanna.
- ◆ **Khlong Mae Kha Canal Village** – the stinking ditch in the past has been transformed into hipster river, and two stalls lined with stalls are planned as a Japanese-style theme park, which has a Thai-Japanese mixed design, and is also known as the Otaru Canal of Thailand.
- ◆ **Dantewada Land Of Angels** – A forest-like waterfall park located on the outskirts of Chiang Mai, with a fairyland-like garden view and gurgling water; after passing through many large and small trees, a four-story waterfall pours down.
